

Smith Stearns would like to announce the college commitments of seventeen of our students who have shown resiliency and commitment during their senior year. This group of amazing student-athletes is one of the largest graduating classes we have had at the academy. They have worked hard both on and off the court to achieve both their athletic and academic goals, setting themselves up for the next chapter in their lives. They are off to further their education at some of the best colleges and tennis programs in the country. We continue to be proud of every one of them and cannot wait to follow their success in their college careers and beyond! The adversity they have been through this year will only make them stronger!

A big congratulations to the Class of 2020!

JJ Tracy

Hometown: Hilton Head Island, South Carolina

College: The Ohio State University

Fiorella Bolona

Hometown: Guayaquil, Ecuador

College: St. Louis University

Lauren Waddles

Hometown: Lexington, Kentucky
